ADVICE 1745-E
(U 338-E)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
ENERGY DIVISION

SUBJECT: Request for Approval to Shift 2002 Energy Efficiency
Funds

In accordance with Decision (D.) 02-03-056, Southern California Edison Company (SCE) hereby requests approval to shift a total of \$0.970 million in unspent, uncommitted 2002 energy efficiency program funds to the current 2003 Residential Multifamily program and the 2003 Statewide Marketing and Outreach program delivered by the Efficiency Partnership.

PURPOSE

This advice filing requests California Public Utilities Commission (Commission) approval to shift unspent 2002 energy efficiency funds to the current 2003 Residential Multifamily and the 2003 Statewide Marketing and Outreach programs. This shift of funds will permit: (1) SCE to continue to offer the statewide Residential Multifamily program, otherwise, SCE forecasts the program will close by late-September 2003 due to lack of funding; and (2) the Efficiency Partnership to supplement its 2003 statewide Marketing and Outreach program to enhance the program outreach. To ensure that customers do not experience an interruption in the Statewide Residential Multifamily program and to enhance the planned marketing and outreach program schedule in the fall of 2003, SCE respectfully requests that the Commission expedite the review process and shorten the protest period for this advice letter.

BACKGROUND

D.02-03-056 authorized SCE's 2002 Statewide Residential Multifamily program along with the 2002 Statewide Marketing and Outreach programs supporting

the Flex Your Power campaign.¹ SCE is seeking authority to shift unspent/uncommitted funds from: (1) the 2002 Residential Retrofit program category to supplement the 2003 Statewide Multifamily program; and (2) the 2002 Statewide Marketing and Outreach program to supplement the 2003 Statewide Marketing and Outreach (*i.e.*, Flex Your Power campaign) program.

Statewide Residential Multifamily Program

The Statewide Residential Multifamily program encourages the property owners and managers of multifamily dwelling units to install qualifying energy efficiency products in individual tenant units and for common areas of residential apartments, mobile home parks and condominium complexes. The program uses an integrated approach of combining information, education, energy management services including targeted marketing and customer incentives to encourage property owners/managers to select energy efficient measures. This multi-faceted approach is important for reaching this hard to reach market, educating them about benefits for owners/managers and their tenants, and encouraging this customer segment to take the desired actions. SCE's Statewide Residential Multifamily program has been very successful in 2003. As the result of high customer demand, the Residential Multifamily program is over 90 percent subscribed, to date. At this rate, SCE believes the program will be fully subscribed no later than mid-September 2003.

In order to effectively meet ongoing customer interest in this program for the remainder of 2003, SCE requests authorization to shift a total of \$0.445 million of unspent, uncommitted 2002 funds from the Residential Retrofit category. The funding could generate an additional energy and demand savings of 1,027,554 kWh and 240kW.

Using the same per unit energy and capacity savings amounts utilized in SCE's approved 2003 program implementation plan for this program, SCE proposes to increase its 2003 Statewide Residential Multifamily program targets by the above amounts. The new targets for this program would thus be 5,016,711 kWh and 554 kW.

Statewide Marketing and Outreach Program

Flex Your Power, delivered by the Efficiency Partnership, is a statewide consumer marketing campaign focused on energy efficiency. The goal is to build awareness of the benefits of energy efficiency and the use of energy efficient products. Additionally, the campaign promotes the programs and resources available to customers statewide and facilitates the coordination,

¹ Ordering Paragraph No. 1, p. 61.

marketing and outreach of these programs. The campaign uses, among other things, a series of paid advertisements, promotional events, partnerships with businesses, government and non-profits, printed educational materials and a website to achieve these goals. The advertising and other programs continue and build upon the ongoing Flex Your Power campaign. As a result of cost efficiencies implementing the 2002 Statewide Marketing and Outreach program last year there remains a 2002 unspent program balance, a portion of which can be utilized by Efficiency Partnership during the current 2003 Flex Your Power campaign to supplement marketing and outreach activities especially for the planned Fall campaign scheduled for October 2003.

Specifically, the Efficiency Partnership is proposing to broaden and deepen the commitment of its manufacturing and retail partners in the campaign's residential products/retail promotion. Flex Your Power's current campaign in 2003 requires retailers to provide energy-efficient products, in-store displays, materials and training, supported by advertising as described in the Efficiency Partnership's 2003 program implementation plan. Efficiency Partnership proposes to increase the reach of the consumer messages and increase sales of energy-efficient products by offering matching private sector funding for customized advertising and promotions of energy-efficient products. This cooperative public education effort is intended to strengthen retailers' existing commitment and provide a mechanism for retailers to incorporate energy efficiency messaging into their own marketing and advertising plans. Additionally, the cooperative effort will provide the Flex Your Power campaign another tool to expand the number of partnership stores and thus, people reached.

Efficiency Partnership is currently working with over 1,300 participating retailers. Efficiency Partnership anticipates that with this targeted marketing and outreach funding, the number of participating retailers will increase, and that up to 500 currently participating retailers will expand their energy efficiency marketing and outreach beyond their existing efforts in 2003.

Benefits to Proposed Adjustment:

- *Increase retailer participation in the statewide Flex Your Power campaign:* The customized promotion concept encourages participation from major chains that have hesitated to join Flex Your Power campaign to date. A major, international chain retailer, with more than 90 stores in California, has indicated interest in joining the campaign for the first time because this new cooperative approach allows them to tailor the message and materials to their own style.

- *Leveraging of program funds:* Efficiency Partnership anticipates that the private sector will contribute at least twice as much funding as Flex Your Power campaign to the total cost of the promotions, leveraging program funds for high-value marketing and outreach.
- *Increase sales of efficiency products:* Retailers and manufacturers can customize promotions they find effective in maximizing consumer awareness and sales.
- *Increased consumer awareness:* The cooperative efforts would continue throughout the remainder of 2003, extending the impact of planned advertising promotions and increasing total reach and frequency beyond the initial forecast.

SCE requests authorization to shift a total of \$0.525 million of unspent, uncommitted funds from the 2002 Statewide Marketing and Outreach program to supplement the Flex Your Power campaign. The funding would result in a greater expansion of the current 2003 Flex Your Power campaign offered by the Efficiency Partnership.

No cost information is required for this advice filing.

This advice filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other schedule or rule.

EFFECTIVE DATE

SCE respectfully requests that the commission rule expeditiously on this advice filing so that SCE may move forward with supplementing the 2003 Residential Multifamily and 2003 Statewide Marketing Outreach program budgets. As such, SCE request that this advice filing become effective on the 20th calendar day after the date filed, which is October 2, 2003.

NOTICE

In consideration of the need to shift remaining 2002 funds into 2003 budgets as quickly as possible in order to avoid an interruption in the 2003 Residential Multifamily program and to enhance the 2003 Statewide Marketing and Outreach program, SCE respectfully requests expedited treatment of this advice filing and a shortened protest period from 20 days to **10 calendar days** after the date of this filing, pursuant to General Order 96-A, Section IV B-Effective Date and Section XV-Exceptions. Anyone wishing to protest this advice filing may do so by letter via U.S. Mail, facsimile, or electronically, any of

which must be received by the Energy Division and SCE no later than **10 calendar days** after the date of this advice filing. Protests should be mailed to:

IMC Program Manager
c/o Jerry Royer
Energy Division
California Public Utilities Commission
505 Van Ness Avenue, Room 4002
San Francisco, California 94102
Facsimile: (415) 703-2200
E-mail: jjr@cpuc.ca.gov

Copies should also be mailed to the attention of the Director, Energy Division, Room 4004 (same address above).

In addition, protests and all other correspondence regarding this advice letter should also be sent by letter and transmitted via facsimile or electronically to the attention of:

Akbar Jazayeri
Director of Revenue and Tariffs
Southern California Edison Company

There are no restrictions on who may file a protest, but the protest shall set forth specifically the grounds upon which it is based and shall be submitted expeditiously.

In accordance with Section III, Paragraph G, of General Order No. 96-A, SCE is furnishing copies of this advice filing to the interested parties shown on the attached service list. Address change requests to the attached GO 96-A Service List should be directed to AdviceTariffManager@sce.com or (626) 302-4039. For changes to all other service lists, please contact the Commission's Process Office at (415) 703-2021 or by electronic mail at Process_Office@cpuc.ca.gov.

Further, in accordance with Public Utilities Code Section 491, notice to the public is hereby given by filing and keeping the advice filing open for public inspection at SCE's corporate headquarters. To view other SCE advice letters filed with the Commission, log on to SCE's web site at <http://www.sce.com/adviceletters>.

For questions, please contact Don Arambula at (626) 302-8179 or by electronic mail at don.arambula@sce.com.
