PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
ENERGY DIVISION

SUBJECT: Southern California Edison Company's Request for
Establishment of the Compact Fluorescent Lamp
Memorandum Account

Southern California Edison Company (SCE) hereby submits for filing the following changes to its tariff schedules. The revised tariff sheets are listed on Attachment A and are attached hereto.

PURPOSE

The purpose of this advice filing is to request California Public Utilities Commission (Commission) authority to establish the Compact Fluorescent Lamp Memorandum Account (CFLMA) to record costs associated with the "Change a Light, Change the World," Compact Fluorescent Lamp Program (CFL Program) until SCE receives Commission approval of the CFL Program. SCE is filing an application (CFL Application) to propose the CFL Program concurrent with this advice filing.

BACKGROUND

SCE's proposed CFL Program is designed to deliver energy efficient Compact Fluorescent Lamps (CFLs) to targeted low income neighborhoods thereby producing energy savings for SCE's customers, reducing greenhouse gas emissions and expanding awareness of energy efficient technologies in low income communities throughout SCE's service territory.

CFLs are a proven energy efficient light source using 75% less energy than conventional incandescent light bulbs with an equivalent lumen output and lasting up to ten times longer. The CFL Program will accelerate the delivery of energy efficient measures to low income households that will reduce energy burden, provide bill savings and increase the affordability of energy services. SCE's proposed CFL Program will place one of the most

cost effective and practical energy saving appliances in the hands of those customers most in need of bill savings, and will help raise low income families' awareness of new environmentally friendly technologies.

SCE plans to contact approximately 1 million customers in low income neighborhoods, through a door-to-door approach, with an offer to provide up to 6 CFLs per household. SCE's CFL Program will fund the door-to-door neighborhood outreach campaign, leveraging community-based organizations, directed at low income neighborhoods throughout SCE's service territory during the period of July 1, 2007 through December 31, 2008.

In its CFL Application filed concurrent with this advice filing, SCE is requesting \$22 million to be used in 2007 & 2008 for the purpose of implementing the CFL Program. SCE will use the CFL Program funds to bulk-purchase CFLs and then offer up to six CFLs each to 926,000 homes in targeted low income neighborhoods. In addition, CFL Program funds will be used to supplement existing Low Income Energy Efficiency (LIEE) funds for the purchase of additional CFLs for each of the 74,000 customer homes serviced under SCE's LIEE program in 2007 and 2008.

SCE's REQUEST

In order to implement the program by July 1, 2007, SCE is requesting authority to record costs in the CFLMA until SCE receives full approval of its proposed CFL Program. As proposed in its CFL Application, SCE will transfer the balance in the CFLMA to the LIEE Programs Adjustment Mechanism upon Commission approval.

The costs associated with the CFL Program include, but are not limited to, costs related to activities such as program design and planning, competitive solicitations, contract development and execution, release of purchase agreements, bulk purchases, training, measurement and evaluation planning, and other activities that will allow SCE to quickly implement and evaluate the CFL Program. The CFLMA will be utilized on an interim basis until the Commission fully approves SCE's ratemaking proposal as set forth in the CFL Application.

No cost information is required for this advice filing.

This advice filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other schedule or rule.

EFFECTIVE DATE

To meet its July 1, 2007 implementation date, SCE respectfully requests expedited treatment and that this advice letter be approved by May 30, 2007.

NOTICE

Anyone wishing to protest this advice filing may do so by letter via U.S. Mail, facsimile, or electronically, any of which must be received no later than 10 days after the date of this advice filing. Protests should be mailed to:

43. Compact Florescent Lamp Memorandum Account (CFLMA) (N)

The purpose of the CFLMA is to record CFL related costs that will be incurred during an interim period until A.07-05-xxx., "Change a Light, Change the World Compact Florescent Lamp (CFL) Program" is approved. CFL-related costs include, but are not limited to, program design and planning, competitive solicitations, contract development and execution, release of purchase agreements, bulk purchases, training, measurement and evaluation planning, door-to-door outreach and delivery, and other activities that will enable SCE to quickly implement the CFL Program.

SCE shall maintain the CFLMA each month by making the following monthly entries:

A debit entry to record applicable expenses.

The account shall accrue interest, on a monthly basis, by applying the Interest Rate to the average of the beginning and ending monthly balance in the CFLMA.

Upon Commission approval of A.07-05-xxx, the balance in the CFLMA shall be transferred to the Low Income Energy Efficiency Program Adjustment Mechanism (LIEEPAM) and the CFLMA shall be eliminated.
